8 x 8 x 2-3/8	200 x 200 x 60	117 SQ FT	3,208 LBS
8 x 12 x 2-3/8	200 x 300 x 60	117 SQ FT	3,208 LBS
12 x 12 x 2-3/8	300 x 300 x 60	132 SQ FT	3,564 LBS

NOTES

1. The Shellock® Style has natural shells embedded at different distances from the surface of the material, and then polished. Therefore, a small percentage of the shells are expected to come loose from the surface and edges of the tile. This occurrence will diminish over a short span of time and in no way will effect the strength of the product.
2. Pavers should be installed from several pallets at a time to maintain the best color consistency.

SERIES

VEHICULAR PAVERS

STYLE

ROADLOCK®

Roadlock® driveway pavers are uniform in shape and calibrated to a thickness of 2-3/8". They install easily in a sand base. This very dense, nonporous product can be installed in any climate and is resistant to salt erosion, secondary efflorescence, staining, algae and mildew growth that is common on driveway paving.

Roadlock® is presented in three sizes and stunning colors from residential and commercial driveway paving projects.

APPLICATIONS

Roadlock® driveway pavers have a stunning look and are a refreshing change to the old concrete driveways. Its polished and smooth surface adds beauty to any project.

Our high-quality driveway pavers will redefine your concept on how to keep your driveway looking its best. Built with the latest technology, they are durable and require very little maintenance.

Choose from a classic pattern or create your own. Mix and match colors to express your style and preferences. The end result will be an elegant entrance, while also enhancing the value of your property.

CUSTOM COLORS

Custom colors available typically for minimum quantities of 10,000 square feet.
