		12x12	300x300	ROADLOCK PAVING SLAB	RLPGLAW12	132	132	3,564

NOTES

1. You can expect a slight variation in shade color and patterns which again, simply adds to the natural appearance of each piece.
2. Pavers should be installed from several pallets at a time to maintain the best color consistency.
3. Due to processes required to manufacture, package, deliver, unpack, install, and compact the products, small chipping can be expected.
4. Pavers are manufactured in metric sizes and are rounded to the closest size equivalent in English units.
5. The product images in our catalogs, brochures, or shown on monitor screens give a general indication of color for a preliminary selection. We recommend you also view current product samples and look at actual finished projects before making your final decision.
